BOG 2019 • NATIONAL EDITION

Dear Friends,

We have just returned from Israel after eight action packed days at the Board of Governor's meeting. As always, the University did not disappoint.

We are always bragging about how the University is a world leader in many ways. We met Yonatan Winetraub and Yariv Bash, two of the three founders of Space IL Beresheet program which came so close to landing on the moon. Their sheer determination was inspirational. We listened to one professor after another explain the ground-breaking research they were doing.

The Canadian delegation this year was especially fortunate. Our own Sylvan Adams received an Honourary Doctorate and to celebrate we were hosted at the official residence of the Canadian Ambassador, Deborah Lyons, for a pre-Shabbat reception. Montreal's 2018 Gala Honouree, Maxwell Smart, sat down with Professor Dina Porat, Head of the Kantor Center for the Study of Contemporary European Jewry, to discuss his experience during the Holocaust. Another exclusive Canadian event involved a Canadian Dan David Prize winner, who graciously met with us Shabbat afternoon for an informal discussion on many interesting topics.

We want to thank Sharon and Stephen for all their efforts in making this trip a success and one of the best BOG's.

Shabbat Shalom!
