Dear Friends,

Rosh Hashanah is rapidly approaching and, like many of you, in preparation for the high holidays, I reflect on the past year's positives and negatives in order to see what can be improved.

This was a unique and rewarding year for me as Chair of CFTAU Ottawa, Quebec and Atlantic Canada. Always a learning experience, the position has allowed me the opportunity to meet a most dedicated group of individuals, volunteers and professionals, who work tirelessly for the betterment of Tel Aviv University.

This past Sunday, August 26, 2018, more than **560 distinguished guests** from our local Jewish and non-Jewish community, as well as from out of town paid tribute to **Maxwell Smart** and witnessed **The Honourable Irwin Cotler** receive a Doctor Honoris Causa. It was a magnificent Gala which took place at the Montreal Science Centre. I invite you to visit the [photogallery](#) included in this edition of our newsletter. Much needed and appreciated funds were raised for Tel Aviv University's great work in fighting the scourges of Antisemitism, Racism and Genocide. I would remind you that it is not too late to contribute and share in this undertaking, which you can do by clicking [here](#).

A heartfelt thank you to all of you for your continued support of Canadian Friends of Tel Aviv University.

I look forward to meeting more of you and I wish all who celebrate a Happy, Healthy and Peaceful New Year.

Le Shana Tova U'Metukah!
