

TAU TIDBITS

January 2018

A Message from our Chair

I would like to wish you a warm Happy New Year. As you know, this time of year usually means flu and colds are all too common. In this edition of TAU Tidbits, you can learn how Tel Aviv University is helping us stay clear of germs! You will also read how the University's researchers have made groundbreaking findings about pancreatic cancer - the world's most known aggressive cancer. I invite you to enjoy the articles below and take a look at our upcoming events including a Golf Tournament with Blue Jays Kevin Pillar on June 18, 2018.

Thanks for taking the time to read January's Tidbits and please feel free to [email](#) me your comments or share and like them on [social media](#).

A handwritten signature in black ink that reads "Nathan Disenhouse".

Nathan Disenhouse
Chair, Ontario & Western Canada

Save the Date
